

# Student Equipment Grant 2008

**Qmetrix is soliciting innovative proposals from graduate or PhD students for the first annual Qmetrix equipment loan & travel fund grant. Students interested in measuring currents or waves in the ocean, estuary, lake or laboratory are encouraged to apply.**

**At least one individual awards will be made to outstanding graduate or PhD students involved in any discipline of oceanography, ocean engineering or hydrology. Projects geared towards a better understanding of any bio-physical interaction are especially encouraged to apply.**

**The award recipient will receive a Nortek Aquadopp, Aquadopp Profiler, HR Profiler, AWAC, Vector, Vectrino, ADC, Qliner or SLD for a 3 month deployment as well as € 1.000 to be used for travel to a European to present scientific results from the project**

**More information on grants forms available from Qmetrix at [www.qmetrix.com](http://www.qmetrix.com). Proposals should be sent to [info@qmetrix.com](mailto:info@qmetrix.com). All proposals due by October 1st and awards will be made by November 1st.**
